GMO Free Statement

To Whom It May Concern:

This letter is to confirm that no Maize or Popcorn products produced and supplied by Nicolle Grain Limited are derived from genetically modified organisms (GMO).

No genetically modified maize or popcorn seed were used in the production of these crops. The grain used is from hybrid corn seed developed using traditional plant breeding techniques.

New Zealand law prohibits the production of GMO maize and popcorn.

Signed for and behalf of Nicolle Grain Limited

A handwritten signature in black ink, appearing to read 'P. Nicolle', with a small checkmark or flourish below it.
